

Tau Beta Pi

The Engineering Honor Society

CORPORATE OPPORTUNITIES THROUGH TAU BETA PI

Fall Engineering Career Fair hosted by TBP/SWE

- Participating in the Fall Engineering Career Fair, co-hosted by TBP, is the best way to attract Michigan's excellent engineers.
- Visit <https://www.umcareerfair.org/> for more information on how your company can participate.

Info Sessions and Tech Talks

- Come host an informational, instructional, or technical session to showcase what your company has to offer.
- These can be exclusively for TBP members or open to all students in the College of Engineering.
- There is a nominal cost for hosting these sessions:
 - \$150 (September and October)
 - \$100 (otherwise)

Professional Development

- Come discuss topics with our members that are relevant in the workplace, but often not taught in the college setting.
- Common event types include resume workshops and interview preparation.

Chapter Meetings

- If you'd like to reach a large number of TBP members all at once, reach out to us about speaking at a chapter meeting.
- Topics should be accessible to all engineering majors (e.g. engineering in the global workplace, leadership after college, things every engineering graduate ought to know, etc).
- Meetings are planned far in advance, so contact us at least one month prior to the start of the semester if you're interested in speaking at a meeting.

If you have an involvement idea not listed here, we are very willing to help make it a reality. We also offer a resume book available for download on our website that includes our current members who are looking for internships and full-time jobs.

If you would like additional information about Tau Beta Pi, our corporate involvement opportunities, or the University of Michigan in general, please do not hesitate to contact our Professional Development Officer at tbp-corporate@umich.edu.
