

Corporate Opportunities Through TBP

There are many ways for companies and individual recruiters to be involved with TBP on campus. Some examples include:

- **Information Sessions/Tech Talks:** These can be informational, instructional, or technical, and are a great way to showcase what your company has to offer. There is a nominal cost of \$100 (\$150 during September and January, the months of the career fairs), which covers the cost of materials and advertising (it does not include the cost food). These can be exclusively for TBP members or open to all students in the College of Engineering.
- **Professional Development:** Come discuss topics with our members that are relevant in the workplace, but often not taught in the college setting (e.g. resume critiquing, interview preparation, etc.).
- **SWE/TBP Career Fair:** TBP co-hosts the engineering career fair held each fall with the Society of Women Engineers. Participating in the Career Fair is a great way to attract some of the excellent engineers at U of M and to get your name out more on campus. More information on the fair and about registration is available on the Career Fair website (umcareerfair.org).
- **Service or Social Events:** TBP hosts a wide variety of service and social events. Partnering with us for a service or social event is a great way to provide an informal networking opportunity with some of our members. For example, we previously hosted an event working with a corporate partner for Habitat for Humanity, followed by a networking lunch.

If you have an involvement idea not listed here, we are very willing to help make it a reality. We also offer a résumé book available for download on our website that includes our current members who are looking for internships and full-time jobs.

WHO DO I TALK TO ABOUT GETTING INVOLVED WITH TAU BETA PI?

If you would like additional information about Tau Beta Pi, our corporate involvement opportunities, or the University of Michigan in general, please do not hesitate to contact us.

Professional Development Officer:
